

SIYANA INDUSTRIAL SERVICES & SIAM SCAFFOLDS S.C.C

The more we progress,
the better you advance

COMPANY PROFILE

MANAGEMENT MESSAGE

Growth is never by mere chance; it is the result of forces working together.

Over the years, we at Siyana Industrial Services have successfully forged a remarkable trademark by establishing unrivalled quality, flexibility, and reliability in our service to our clients across the Gulf region. No matter how difficult the challenge, we thoroughly examine the needs of our clients and help them to achieve their goals by making use of our expertise and knowledge accumulated through years of experience in this field.

The name of the company reflects our strong desire and commitment to become a leading brand name in the field of our business. We intend to devote our full capacity towards this aim, and we would be grateful to the continued and warm support of all those concerned.

As a group of professionals with internationally competitive craftsmanship, the company ensures that all employees do their very best to improve the quality of services rendered and maximize corporate value and deliver customer satisfaction.

We are determined to achieve further growth and look forward to expanding the realm of our business to other areas of the world.

STEEL FABRICATION & WELDING

Siyana Steel has the capability to tackle a wide range of steel jobs from specialist repairs to large scale heavy fabrication projects. Our collective experience and expertise in ship repair, steel fabrication and maintenance work has firmly positioned us at the forefront in this industry.

Services are:

- Hull Steel Renewal
- Main Frame Renewal
- Bottom Plating & Renewal
- Side Shell Plate Renewal
- Deck Plate Renewal
- Deck Penetration Repairs
- Hatch Cover Steel Renewal
- Longitudinal Bulkhead Plating
- Transverse Bulkhead Plating
- Oil Tank Renewal & Plating
- Ballast Tank Repairs
- Sea Chest Repairs
- Engine Room Repairs
- Sponson Tank Fabricate & Erection to Shell
- Offshore Barge Block Fabricate & Erection
- Supply Barge Conversion to Crane Barge
- New Power Barge Fabrication 1800 tons
- Tugboat Hull Fabrication 180 tons
- Skid Rail Renewal (I Beam Type).
- King Post & Flare Boom Installation
- Propeller Mews Duct Installation
- Hillman Roller Installation
- Oil Rig Leg Bracing
- Gussets Renewal
- New Spud Carriage Well

MECHANICAL

Siyana offers a comprehensive range of mechanical works including strip down and overhaul, equipment repairs / renewals. Our engineers and skilled workers are permanently employed by us, specially trained and fully conversant and highly skilled in all necessary competencies. Mechanical services we provide include:

- Oil Purifiers
- Agitator Gear Box
- Water Pumps
- Centrifugal Pumps
- Screw Pumps
- Reciprocating Pumps
- Multistage Pumps
- Stripping Pumps
- Air Compressors
- Windlass Winches
- Mooring Winches
- Cargo Winches
- Deck Crane & Sheaves
- Foam Monitors
- Globe Valves
- Gate Butterfly Valves
- Ball Valve Manual
- Vaporizer
- Liquid Separators
- Deaerators
- Receivers
- Air Ejector Condenser
- LPG Condenser
- Copt Condenser
- Contaminated Condenser
- A/C Compressor Condenser
- Atmospheric Condenser
- ATM Condenser
- Purge Condenser
- Vacuum Condenser
- R22 Condenser, Receivers
- Fresh Water Generator
- Cargo Heaters
- Deaerator, Soot Blower
- Purifier Heaters
- Cargo Heater,
- F.O. Heater
- L.O. Heater
- J.W. Heater
- Propulsion Motor Cooler
- M/E J.W. Cooler (Plate)
- F.W. Cooler (Plate Type)
- A/E Air Cooler
- A/E L.O. Cooler (Plate Type)
- M/E L.O. Cooler (Plate Type)
- L.T. Cooler, L.O. Cooler (Plate)
- BT L.O. Cooler
- L.T. Cooler (Plate Type), F.W.G
- Drain Cooler
- M/E Cam Shaft L.O. Cooler
- M/E Air Cooler
- Hydraulic Cooler
- Tank Heating Cooler
- Glycol Cooler

SCAFFOLDING SERVICES

Established in the year 1992, Siam Scaffolding Services executes its major work in the Arab Shipbuilding & Repair Yard (ASRY). We are specialist in erecting and dismantling scaffolding systems in all types of vessels. We have a dedicated team of highly experienced scaffolding workers and supervisors. Our work encompasses providing access for both internal and external repairs, maintenance, and the provision of weather protection and containment. A full-service proposition is offered from design to supply and inspection of scaffolding (including structure, platforms, and sheeting). We have an impeccable safety record, which is of paramount importance in the ship building and repair yard.

ELECTRICAL & INSTRUMENTATION

Siyana offers a comprehensive range of electrical and instrumentation services, you can rely on us for the highest standards of work, carried out by our directly employed, experienced and fully trained workforce, strictly in accordance with all current approved codes of practice and legislation.

Development of software-based calibration procedures custom made for the ship's electrical instruments.

Hands on performance of the electrical instrument calibration for both commissioning and regular maintenance services are available.

On the spot maintenance, repair and replacement of faulty instruments as required.

Complete engineering design services for the initial installation of test jacks for instrument testing purpose.

Project management and supervision of test jack installation and modification.

OCCUPATIONAL HEALTH, SAFETY & ENVIRONMENT

We are committed for the implementation of our Occupational Health, Safety & Environment Policy to safeguard the safety & health for all and to comply with all relevant statutory requirements.

We will achieve this through:

- Involving employees on Health & Safety issues that affect them.
- Ensuring high standards of Safety at workplaces.
- Regularly checking that working conditions are safe & healthy.
- Ensuring that employees have relevant information and training on Health & Safety.
- Safeguard workshops and surrounding places to protect environment.
- Company shall inform, educate & impart training on safety , health & hygiene aspects to all its members whenever required.
- Monitoring SHE performance to ensure compliance with this policy as well as legal requirements.
- SHE Policy will be made widely known to all employees & interested parties and will be reviewed on an annual basis or as and when required.

We dedicate ourselves to the continual improvement in the SHE performance and it will be an integral part of our work culture.
